Land Protection

Boothbay Harbor area, Maine

 **Little Thrumcap Island**
U.S. Fish & Wildlife Service

This island is managed by the Petit Manan National Wildlife Refuge to protect nesting seabirds and their habitat. Terns, eiders, puffins, guillemots, petrels, razorbills and gulls nest on some of Maine's coastal islands. During the summer nesting season it is important not to disturb these birds. Please help protect island wildlife by complying with regulations. Your cooperation is appreciated.

For more information, contact Refuge Manager, Petit Manan National Wildlife Refuge at (207) 546-2124.

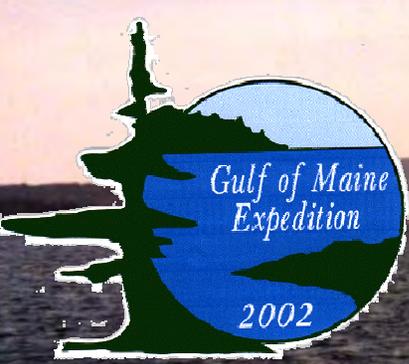

OPEN FOR DAY USE ONLY
Pets And Open Fires Are Prohibited

Land Protection
